FUN SEEKERS AND LIFELONG LEARNERS!

Hello! Hope this message finds you and yours well and happy. What an adventure. So many new things to learn and so many ways to learn them. Let's approach everything with a spirit of creativity; a commitment to academic excellence and a promise to take care of each other near and far. These things will inspire a growing passion for learning. Always remember and never forget:

**"THE CURE FOR BOREDOM IS CURIOSITY,
THERE IS NO CURE FOR CURIOSITY."** Dorothy Parker

Each day, bring your own sunshine; make your own magic; do your personal best. I shall do the same. Please visit my website often and use the info and activities there to your best advantage.

**"BARGAIN WITH DESTINY IN GOOD FAITH AND BE
SCREAMINGLY ADORABLE AND FUNNY ON THAT
ACCOUNT."** Kurt Vonnegut

Please join Google Classroom with the code in the circle. I can't wait to connect with you via smoke signals, carrier pigeon, emails, OWLS, phone calls, texts, Face Time, Google Meets, Zooms. Please spend 20-30 minutes per day with ST Math and its puzzles. Read for 30 minutes a day from a variety of good books (please only read on the days you eat). Write and scribble and draw and paint and doodle and glue things in your **ART OF LIVING JOURNAL**. (Heretofore known as your black and white marbled composition notebook.) Most importantly:

FEAR NOT
DIVE IN
BELIEVE IN YOURSELF
MAKE MISTAKES WORK FOR YOU
LOVE YOUR NEIGHBOR
WASH YOUR HANDS
GET THE BIG PICTURE
COPE WITH THE CHAOS
GO WITH YOUR HUNCHES
SET YOUR OWN GOALS
CHOOSE HAPPY
